

A 3D schematic diagram of a mine layout. The diagram shows a brown, blocky rock formation at the top. Below it, a network of colored lines (red, blue, green, yellow, cyan) represents different levels and pillars. A yellow horizontal line is labeled '2460m' and 'New Crown Pillar Location. Base of New Stage 6'. A cyan horizontal line is labeled '2380m' and 'Existing LOMP Stage 6 Base'. A red horizontal line is labeled '2180m'. A yellow horizontal line at the bottom is labeled '2010m'. A yellow arrow points upwards from the 2010m line. A cyan arrow points upwards from the 2380m line. The diagram also shows a series of horizontal and vertical lines forming a grid-like structure, with some lines being wavy or curved.

2460m

New Crown  
Pillar Location.  
Base of New  
Stage 6

2380m

Existing LOMP  
Stage 6 Base

2180m

2010m
